

# Merger & Negotiation Town Hall Meetings

## Updated 2011 Schedule

Our Negotiating Committee and representatives of our United MEC will continue to travel to each Local Council for the purpose of conducting Town Hall meetings. Last Fall, we visited 9 locations and beginning in February, 2011 we will travel to the remaining Local Councils to continue these important Town Hall events.

These meetings provide an update on the status of our Section 6 Negotiations, the mediation process and the upcoming Representation Election. We will also discuss the merger and what it means for United Flight Attendants including Seniority Integration and bringing the best of both pre-merger Contracts into a Single Contract later as we move towards the United - Continental operational integration.

*We encourage all Flight Attendants to use this opportunity to get the facts and have your questions answered.*
